

**Petitions added to the Augmented Litany
at Liturgy on the Feast Days of the Holy Right-Believing
Prince Peter & Princess Febronia of Murom**

Again we pray, that Thy people might observe this commandment: “what God hath joined together, let no man put asunder,” and that unshakeable strength and prosperity in unfeigned love might be granted unto their domestic churches.

Again we pray for the preservation of the matrimony of the servants of God in peace and oneness of mind, piety and purity.

Again we pray that Thy people will be gladdened with the sight of sons and daughters, that our people might increase, and that Thy blessing might be added unto them from generation to generation.
